

# ABUS SmartX 8078 Detecto

## Tootekirjeldus

The ABUS Granit Detecto SmartX 8078 alarm brake disc lock offers high protection, is user-friendly and can be operated with both IOS and Android smartphones.

### Features:

- 13,5mm locking bolt made of specially hardened steel
- SmartX locking system with Bluetooth function - High-quality, keyless locking system offers most user-friendly operation
- Security Layer to protect the technical unit from brutal attacks
- USB-C connection
- ABUS App Connection
- Location memory from the last time the motorcycle was parked
- Alarm function with at least 100 dB for 15 seconds, then automatically rearming
- 3D Position Detection - detects vibrations and smallest movements in all three dimensions and triggers the alarm
- The bolt, the housing and the supporting parts of the locking mechanism are made of specially hardened steel
- Thanks to the automatic brake disk detection system, the lock can be transported in closed position without activating the alarm
- Acoustic and optical signals (multicolored LED) indicate battery and activity status

**Specifications:**
