

ABUS Steel-O-Chain 4804K/75

Tootekirjeldus

The ABUS Chain Lock Steel-O-Chain™ 4804K with security level 4 of 15 offers a good protection and is particularly suitable for parking spots where there is low risk of theft and is recommended for securing low-range bicycles and children's bikes. Benefit from the practical automatic locking system. This makes locking quick and easy without the need for a key.

Automatically secured with one click: Steel-O-Chain 4804K Chain Lock from Abus

The chain lock Steel-O-Chain™ 4804K is particularly suitable when you need to go fast. Thanks to the automatic cylinder, you no longer need a key to lock your bike. You simply have to open the lock and press the locking bolt into the lock body - done. The bike lock is ideal for securing inexpensive bikes and children's bikes with a low risk of theft.

Features - Abus Steel-O-Chain™ 4804K

- Basic protection with low risk of theft
- Recommended for securing inexpensive two-wheelers and children's bikes
